

**MINUTES - REGULAR MEETING  
BOROUGH COUNCIL, BOROUGH OF SEA GIRT  
April 22, 2015**

The Regular Meeting of the Borough of Sea Girt Council was called to order by Mayor Ken Farrell at 7:31 PM on Wednesday, April 22, 2015 at the Sea Girt Elementary School, Bell Place, Sea Girt. The Mayor asked for a moment of silence in memory of Councilperson Mulroy's stepfather who recently passed away. He then led those in attendance in the Pledge of Allegiance.

The Clerk announced that this meeting is called pursuant to the provisions of the Open Public Meetings Act, C. 231, P.L.1975: adequate notice of this meeting has been given by posting a notice on the Borough's official bulletin board and by transmitting a copy of the Notice to the Borough's two official newspapers, the *Asbury Park Press* and the *Coast Star* as required by law.

**2. COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM - FY2016**

- **Discussion of Eligible Projects and Request for Council Approval:** The Clerk-Administrator explained that this is a federally-funded program through which the U.S. Department of Housing and Urban Development offers grants to local communities for specific purposes. The Program is administered by the Monmouth County Community Development Office. Through this program, the Borough received CDBG funds for the handicapped accessible improvements (ramp and lift) to Borough Hall in 2010. The Borough of Sea Girt is eligible to submit an application under the Removal of Architectural Barriers (handicapped-accessible improvements) category only. In order to submit an application to the Program, the local citizens' participation group must recommend a project to the Council and the Council in turn must hold a public hearing on the recommended project. The Borough of Sea Girt Citizens' Participation Committee met on April 13, 2016 to discuss the possible submission of an application for the FY2016 Community Development Block Grant Program and is recommending that an application be submitted to the County Community Development Committee requesting funding for the removal of architectural barriers and handicapped accessible improvements to the Sea Girt Library.

Councilperson Morris explained the Library is maxed out of space and cannot take advantage of other services that the MCLS can provide. More services can provide greater

**MINUTES – REGULAR MEETING

---

utilization by residents and noted that making these improvements will be an asset to the Borough.

**UPON MOTION** of Council President Buonocore, seconded by Councilperson Rotolo, carried, and by consensus, the meeting was opened for comments on the said Project only. Mr. Matthews, 401 New York Blvd., asked if any of the grant money can be used to repair areas where trees are lifting sidewalks, causing tripping hazards. The Clerk-Administrator advised that because the Borough does not have a designated target neighborhood, it is only eligible for an accessibility project. Mr. Yauch, Baltimore Blvd. commented it's a great project for the community. Mayor Farrell noted the more community involvement the better. **UPON MOTION** of Councilperson Buonocore, seconded by Councilperson Rotolo, carried, the public hearing was closed.

Council President Fetzer thanked Councilperson Morris for her work on the proposal and noted that in his opinion, it is a good project and very worthwhile.

Councilperson Mulroy echoed that Councilperson Morris does a great job with the Library and it seems like a great project for the community.

Councilperson Rotolo agreed and asked if there are estimated costs for the project; The Clerk-Administrator advised that the maximum grant that the Borough can request is \$200,000 pursuant to CDBG rules; the estimated cost of accessibility improvements is \$135,000; estimate for the total project is \$400,000.

**UPON MOTION** of Councilperson Morris, seconded by Councilperson Rotolo, carried, that the said Resolution No. 72-2015 be adopted on final reading, directing the Clerk to post and publish as required by law.

**WHEREAS**, the Borough of Sea Girt Citizens' Participation Group met on April 13, 2015 to discuss the possible submission of a qualifying project for funding consideration through the Monmouth County Community Development Block Grant Program; and,

**WHEREAS**, said meeting was advertised as required in the news section of *The Coast Star* on April 2, 2015 and said notice included the notification that a public hearing would be held by the Borough Council on a qualifying project on April 22, 2015 and the Affidavit of Publication of said notice is on file in the Clerk's Office; and,

**WHEREAS**, the Sea Girt Citizens' Participation is aware that the Borough would only qualify for a presumed benefit project which serves a special population considered by HUD to qualify (i.e., handicapped persons) for the purpose of removing architectural barriers from public buildings in the Borough; and,

**WHEREAS**, it is the desire of the Borough of Sea Girt Citizens' Participation Group to recommend that an application be submitted for a FY2016 Community Development Block Grant Program funding for a project to remove architectural barriers at the Sea Girt Library; and,

**9. ADMINISTRATOR REPORTS/DISCUSSION**

A. **Crescent Park Preservation and Investment Project-** residents Phil and Tina Vasan have asked Council to consider creating a stakeholder group (Borough Council, Shade Tree Commission, Holly Club/Beautification Committee) to seek other cooperative partnerships to develop a plan for the restoration and protection of the Crescent Park area; they are also offering to provide the necessary funding for this project. They have submitted a preliminary plan for Council's information to our Engineer for a determination as to its consistency with Borough Ordinances; Peter Avakian will be present to discuss this plan.

Phil Vasan of Ocean Ave., commented on the restoration within the "maritime" forest globally imperiled, also bird habitat encourages storm water recharge. Create a plan to preserve the area working in conjunction with the Council, Borough Engineer, Shade Tree commission, Holly club and Beautification Committee. Also propose to modify traffic calming and pedestrian safety.

Brian Murphy presented and explained exhibits (attached). Councilperson Mulroy asked about the width of the eyebrow proposed widening? Mr. Murphy stated that it is currently 20' feet and proposed to 28.' Councilperson Rotolo asked why the need for parking spots? Mr. Murphy replied for park users and guests of residents. Mayor Farrell commented on the road configuration. Councilperson Mulroy noted that three driveways will be lengthened and maintained by the homeowners. Councilperson Rotolo asked if funding is initial or sustained and would there be additional cost to taxpayers; he was advised that there should not be.

Mike Matthews, Shade Tree Commissioner, noted that there are State forestry funds that could be available at the conclusion of the restoration process and that there is little or no maintenance performed there now; this is a unique opportunity to turn this area into an environmental jewel; he will be meeting with Mr. Vasan and the NJ Audubon Society to discuss the proposed improvements to the area.

Peter Avakian commented and explained terms: plan created and supplied, driveways widths provided and utilities. Plans were reviewed for Ordinance and compliance design guidelines. Mr. Avakian feels it is a good project to improve and sustain the area; he also suggested the development of a management plan for the area.

Council President Don Fetzer addressed drainage and why both roads? Mr. Avakian noted Mr. Vason suggested the road changing. Stormwater concerns will have to be considered during this project to enhance drainage with either a rain garden or inlet. Drainage is very important for this project.

Councilperson Mulroy asked if signage is necessary. Mr. Avakian replied yes and also noted that the neighbors are on board with project.

By consensus, the meeting was opened to the public for comments on this topic. Buddy Robinson, Ocean Avenue, stated that he lives next door to Phil Vasan and supports project.

Peggy Cleary, Ocean Avenue, is another nearby property owner; she expressed her concern about “headlights” in her windows but the proposed configuration of the road addresses that issue; with that issue addressed, she also is in favor of the project.

Councilperson Buonocore noted that the extension of driveways will be on Borough property, but also noted that if this will enhance the area and eliminate the straightaway, it will be beneficial to pedestrians and park users. If Mr. Vasan is willing to fund the entire project, we should support it.

Mrs. Bossett, Chicago Blvd., thanked Mr. Vasan for his offer and expressed support for the project.

Robert Kregg, Boston Blvd., is in support of project.

Mayor Farrell thanked Mr. Kregg for his comments and closed the public hearing; he further commented in support of project to enhance public safety and beauty. Attorney Mr. Montenegro further explained next process and will work with the Borough Administrator and Engineer to prepare a checklist necessary for the submission of the formal plan.

- B. **Sea Girt Avenue and Outfall extension/drainage improvements** – The Clerk-Administrator noted that the meeting with the County was postponed until next week due to scheduling conflicts; the status report to Council will be prepared after the meeting on April 28; Peter Avakian provided his comments on this matter as well.
- C. **2015 Beach Season:** the new on-line registration process, including the option to use a credit card to complete the purchase is now available. The link to the site is as follows: <https://register.communitypass.net/SeaGirtBorough>. Additional information and step-by-step directions to complete the process have also been posted.
- D. **JCP&L Substation Flood Mitigation Project Planning** – The Administrator reported that she and the Mayor met with representatives of JCP&L last Tuesday; they provided detailed information about the contingency planning in the event of a power outage. A brief overview: their intention is to provide service continuity, equipment protection, at a cost effective and achievable expense including planning, execution of the plan and recovery after a storm event; they have implemented an Incident Command System that will be staffed by dedicated flood mitigation personnel and have mobile substations available in the area that are fully compatible with existing substations. The remediation plan for Stockton substation includes the installation of a remote floodwater monitoring system with security and monitoring cameras; they plan to add an additional circuit that will tie back to equipment Bank 1 to provide power in the event of an interruption; they will be installing a 4’ flood barrier within the substation leaving an access area for staff that can be closed off in the event it becomes necessary to close off the entire substation.

**E. Road Projects:**

- **Baltimore Blvd. Utility Improvements** – project is progressing well; there was a water main break that resulted in a brief period of low water pressure and discolored water last Tuesday;
- **Stockton Blvd.** – paving is scheduled to begin on April 27, weather permitting. Residents have been notified.
- **Sea Girt Avenue** – update to Council on April 22 meeting with County officials;
- **NJDOT FY2015 Municipal Aid Program** – I received notification on April 20 that the Borough's application for funding for Seaside, Neptune and Morven Terrace has been approved in the amount of \$210,000.
